The Finer Fare

This is a wonderful addition to any of the above menus & is just right for an occasion to remember!

This Menu covers all of what a modern day party is about.

It's plentiful, beautifully presented, tasty and irresistible!

Your menu will have a range of gourmet dishes to satisfy everyone from your hungry meat lover, to the die hard vegetarian and even the most inconspicuous gluten free guests.

Our fascinating snack buffet will be on offer throughout your function should you choose to, or it can be set up as a welcoming grazing table. Everything on it will be labeled allowing each of your guests to know what they're trying.

Any way you serve it, it's guaranteed to have all of your guests raving.

It's continuously checked, tidied and refilled throughout service which leaves you to enjoy your function.

What a way to enjoy an occasion – mingling and sampling the hot food at every turn

& admiring the first class arrangement of beautifully presented items on the buffet.

It almost adds as a centrepiece to your room.

Put all this together and you're guaranteed a function that will sparkle with sophistication and elegance, yet remarkably, it will cruise along quite casually.
